

Journeyman Training Benefit Contributions
For Prevailing Wage Work
Advanced Education TUITION COVERAGE

Each year those journeymen who have contributed at least \$200 (at the \$1.20 rate) in training contributions (as shown on our Polycomp report) are eligible to use \$2000 within that year as tuition for classes offered at ABC.

To use ABC's Training-Tuition Coverage, registrants must attend 100% of class time and complete timely. Failure to cancel, show for the entire class, or complete timely; will result in a charge to the registrant's credit card (must be provided at the time of registration). Tuition charges for failing to show, cancel, or complete timely, must be paid by the individual or the sponsoring employer and cannot be paid using Tuition Coverage with training funds.

There will be no billing for journeymen taking classes that are eligible for this tuition benefit. Each journeyman's Annual tuition balance will be monitored and can be obtained by contacting ABC.

I have read the information above and do agree to pay full tuition charges for failing to show for the following classes, cancel, or complete timely. I thereby submit my personal information and signature below:

Class and date
